## **1240.03 APPELLATE PROCEDURE.**

Every appeal shall be made to the Board of Zoning Appeals in writing. The procedure for appeals shall be as follows:

(a) A written appeal shall be filed with the enforcing officer or administrative commission by the party aggrieved by any order or decision of the enforcing officer or administrative commission. Such appeal shall be accompanied by accurate plans and specifications of the proposed work, showing the plot of land to be built upon, together with the placement of the proposed building and all other existing or proposed structures.

(b) Every appeal shall be taken within thirty days from the date of any refusal by the enforcing officer or administrative commission to issue a permit.

(c) Any communication purporting to be an appeal shall be regarded as mere notice to seek relief and shall not be considered by the Board until it is made on the required form.

(d) Upon receipt of any such communication, the applicant shall be supplied with the proper form before placing his or her appeal. If he or she fails to file with the Board the form properly filled out and executed and fails to supply the required data within thirty days from the date of refusal of the permit by the enforcing officer or administrative commission, his or her case shall be dismissed for want of prosecution.

## 1240.06 POWERS AND DUTIES.

(a) The Board of Zoning Appeals shall have such powers and duties as are set forth in the various sections of the Zoning Code and herein. The Board shall adopt such rules and regulations as it may deem necessary to carry into effect the provisions of the Zoning Code. It shall hear and decide all questions brought before it by appeal from the refusal, granting or revocation of permits by the enforcing officer or administrative commission under the Zoning Code. It shall also hear and decide all matters referred to it or upon which it is required to pass under this Chapter. Within its powers, the Board may reverse or affirm, wholly or in part, or modify, an order, requirement, decision or determination as, in its opinion, ought to be done under the circumstances, and to that end shall have all the powers of the office or administrative commission from which the appeal is taken, and it may issue or direct the issuance of a permit.

(b) The Board shall have the power to permit exceptions to and **variances** from the Zoning Code, as follows:

(1) To permit the extension of an existing or proposed building or use into a more restricted district under such conditions as will safeguard the character of the more restricted district;

(2) Where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the Zoning Code in a specific case, to vary the application of any provision in harmony with the general purpose and intent of the Zoning code so that the public health, safety, morals and general welfare may be secured and substantial justice done;

(3) To grant **variances** for side, front or rear yards whenever the provisions of the Zoning Code, with respect to these requirements, affect construction on any lot which is nonconforming as to size or area as a result of the adoption of the Zoning Code. Owners of such property must show that the normal application of the standards of the Zoning Code to the relevant lot would deprive the owner of practical use of the lot or would be contrary to established front, side or rear yard setbacks for a majority of the structures within the same block in which the lot is located. Such **variance** shall be to the minimum degree necessary to permit the reasonable use of the lot. Such **variance** shall not be granted if a majority of the buildings on lots within the block in which the lot for which the **variance** is requested are not substandard with respect to the **variance** requested.

(4) To decide any question as to the interpretation of any of the provisions of the Zoning Code; and

(5) To hear any appeal taken by a property owner as a result of the denial of a building permit or a certificate of occupancy, when the property owner holds that such a denial is unreasonable or unjust or would require him or her to adhere to standards not adhered to by at least fifty percent of the property owners in the block in which the lot is located.

(Ord. 1991-8. Passed 7-16-91.)
